Subject: Peyton's swim party (7.25.09)

I received the CD yesterday and was so excited to look at the pictures of our little girl at her party. Although, in viewing the cd the only pics on the cd were of the children swimming. Is there any way that the pics can be copied again to a cd that includes the entire party?

We enjoyed ourselves so much!! This was the first party that I could honestly say I enjoyed because I was not stressed out by running around doing something. You guys at Tiny Bubbles have truly out done yourselves and I will definately be recommending your services to our friends that didn't get to make it plus spread the word to others!! Who knows we might make this a yearly party place...Peyton loved it!!!

Thanks again!
